Risk warning

Collective Investment Schemes (unit trusts) are generally medium-to long-term investments. Past performance is not necessarily a guide to future investment performance. Unit trust prices are calculated on a net asset value basis. This means the price is the total net market value of all assets of the unit trust fund divided by the total number of units of the fund. Any market movements – for example in share prices, bond prices, money market prices or currency fluctuations - relevant to the underlying assets of the fund may cause the value of the underlying assets to go up or down. As a result, the price of your units may go up or down. Unit trusts are traded at the ruling forward price of the day, meaning that transactions are processed during the day before you or the Manager know what the price at the end of the day will be. The price and therefore the number of units involved in the transaction are only known on the following day. The unit trust fund may borrow up to 10% of the fund value, and it may also lend any scrip (proof of ownership of an investment instrument) that it holds to earn additional income. A M&G unit trust fund may consist of different fund classes that are subject to different fees and charges. The Manager will pay your Financial Adviser a standard ongoing adviser fee, which is included in the overall costs of the fund. A Collective Investment Schemes (CIS) summary with all fees and maximum initial and ongoing adviser fees is available on our website. The Manager may, at its discretion, close your chosen unit trust fund to new investors and to additional investments by existing investors to make sure that it is managed in accordance with its mandate. It may also stop your existing debit order investment. The Manager makes no guarantees as to the capital invested in the fund or the returns of the fund. Excessive withdrawals from the fund may place the fund under liquidity pressure and, in such circumstances, a process of ring fencing withdrawal instructions and managed pay outs over time may be followed. A money market fund is not a bank deposit account and The M&G Namibian Money Market Fund aims to maintain a constant price of 100 cents per unit. Foreign securities including foreign CIS funds may be included in unit trusts. As a result, those unit trusts may face material risks. The volatility of the fund may be higher and the liquidity of the underlying securities may be restricted due to relative market sizes and market conditions. The fund's ability to settle securities and to repatriate investment income, capital or the proceeds of sales of securities may be adversely affected for multiple reasons including market conditions, macro-economic and political circumstances. Further, the return on the security may be affected (positively or negatively) by the difference in tax regimes between the domestic and foreign tax jurisdictions. The availability of market information and information on any underlying sub-funds may be delayed. The investor acknowledges the inherent risk associated with the selected fund and that there are no guarantees. The Manager is a member of the Association of Unit Trusts in Namibia.

Your quarterly statement will show the fees applicable for that period. VAT will be added to all fees, where applicable. By signing this document, you give your permission to deduct all fees as shown in the schedule titled "M&G Unit Trust Schemes". Please refer to the Unit Trust (CIS) summary on our website. All fees are may be amended by The Manager from time to time, and in such cases, a notification will be sent to investors. All management fees charged are exclusive of VAT.

You will receive a quarterly statement with the market value of your investment. Additional statements are available on request. Permissible deductions from the fund include annual asset management fees, share trading costs, MST, auditor's fees, bank charges incurred by the fund, and trustee fees. Units will be bought and sold at the price calculated as described above, as required by the Unit Trust Control Act and the supplemental trust deed of your chosen unit trust fund.

Transaction cut-off times and requirements

The Manager needs to receive all signed and completed transaction instructions, as well as any required supporting documents and relevant investment amounts, before 12:30 pm (Namibian time) to use the price for that same day, except for

- (a) the Money Market Fund, which has a cut-off time of 09:00 am (Namibian time).
- (b) Investor redeeming more than 5% of the total value of the relevant fund. (See below Payments paragraph for terms of disinvestment).

The cut-off times also apply to withdrawals and switches. If any required documents or investment amounts are received after the cut-off time, the Manager is not obliged to transact at the price for that day.

Investment minimums

There is a minimum market value requirement of N\$2 000 per fund. If the market value falls below this amount because of a switch, a debit order cancellation or a withdrawal, the Manager has the right to withdraw the market value of the remaining units and pay the proceeds to you, or to charge a transaction fee for balances below the minimum market value amount.

Payments

All payments will be electronically transferred into your bank account only. No payment to a credit card is possible. Please note that in the case of redemptions, settlement may take up to 48 hours except for below. Investors wishing to redeem units in excess of 5% of the total fund value of the relevant unit trust fund must provide The Manager with at least 7 business day written notice of such redemptions. If this notice is not received, the Manager may treat such redemption as only being received on the 7th business day after such instruction has been sent. Conflict of interest disclosure

The Manager and M&G Namibia do not engage in any proprietary trading, i.e. it does not buy and sell assets with its own money to make a profit for itself. It only invests investors’ money. However, M&G Namibia will seed (provide the start-up investment money for) unit trust funds where the law requires it. All service providers, such as stockbrokers, are selected based on investors’ best interests and commercial terms. The Manager and M&G Namibia manages and monitors the risks of personal and business conflicts of interest. Controls include awareness, disclosures, approval processes and enforcement. The Manager and M&G Namibia and its staff will not be part of any activity prohibited by law.

All tangible gifts, benefits or hospitality, given and received, are limited to specific amounts. Staff members receive a mix of guaranteed and variable pay (the latter driven by business profits). New business consultants receive commission driven by new business targets, as well as by how well they service and support existing investors. Investment staff members are further incentivised based on personal performance. Investment performance bonuses align the interests of the investment professionals and investors. If investment performance is poor, investment professionals receive less pay. The MandG Staff Namibia Trust, of which all employees are beneficiaries, is a direct shareholder of 10% in M&G Namibia. Staff may trade financial instruments for their own profit. Personal trading is monitored by M&G Namibia’s Risk and Compliance. No staff member may trade for their personal account while M&G Namibia’s investors are in the market. Staff may invest in the financial products managed by M&G Namibia, e.g. unit trust funds.
